California law provides that students who do not meet the age requirement for entrance into Kindergarten, but turn 5 before December 2 of the year of enrollment, may enroll in a transitional kindergarten program. (EC 48000) Transitional kindergarten is usually a two-year kindergarten program. Additionally, California law requires a child to be six years old on or before September 1 to be legally eligible for first grade (EC Section 48010.) The law also provides that a child who is not age eligible for first grade may, with parent consent, be enrolled in first grade if the child was legally enrolled in a kindergarten program for one year or has met certain benchmarks set by the State Board of Education (Title 5, Section 200). A statement must be placed in the school records for these five year olds who have been advanced to first grade. (EC Section 48011)
