VOLUNTEER APPLICATION

Volunteer assistance during special events and field trips is always welcome. An application for assistance for a one-time event is not necessary. However, the volunteer must agree that USA may check public records for criminal offenses previous to accepting the volunteer at the school. If an individual wishes to volunteer on a regular basis, he/she must complete this application. The individual will be accepted for volunteering as school needs dictate. Please understand that due to limited space and the need to preserve adequate instructional time for all students, not all applicants may be accepted.
